Graphic Solutions For Brand Managers & Business Owners

3M Graphic & Surface Protection Application Guide

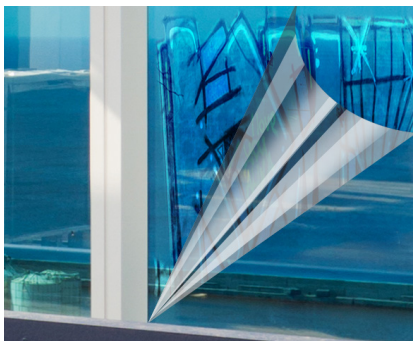

I want to... protect my **brand**

Whether it's to offer protection against graffiti or to prevent damages caused by mother nature, protect your brand with 3M graffiti-resistant overlaminates. 3M specialty overlaminates offer high protection from UV fading, dirt, are easy to clean and resist most scratches and other type of graffiti. After all, image is everything.

I want to... prevent **graffiti**

Whether you want to prevent graffiti or simply want to camouflage traffic signal or utility boxes, 3M graffiti-resistant overlaminates combined with 3M Inkjet printable film offers creative solutions that will protect any surfaces as well as making it aesthetically pleasing to the eye.

I want to... **protect** my glass surfaces

Whether it's the outdoor window of a storefront, a bus shelter or even mirrors in a public place, protect these surfaces from most scratches, acid etch, gouges and tagging. 3M's line of anti-graffiti films is intended to be a sacrificial layer to help protect windows and minimize damage. Why replace an entire window when you can simply replace a cost-effective barrier with 3M anti-graffiti films?

3M Graphic & Surface Protection Application Guide
