▶ **SV480mC and LX480mC**
High-performance technology goes greener to revolutionize the way you wrap. Our ultra-versatile, non-PVC film gives you excellent print quality, plus a breakthrough boost in attributes.

▲ **1080**
Separate yourself from the pack. Give clients the individuality they demand. Stay miles ahead of the trends with the newest and hottest wrap films and finishes.

▲ **780mC-10R**
Upgrade to this unique reflective film that brings your design to life with 24/7 vibrancy. Get robust properties like conformability, efficient installation and reflectivity at wide angles for increased safety.

▲ **IJ180mC-114, Clear**
Mix printed images with clear areas to create ultra-cool, never-been-done-before designs with a subtly massive effect.

▲ **40C**
48C-20R (non-PVC)
You'll love the slide, tack, snap-up and air release that can help you cover windows, walls, floors, signs, partial vehicle graphics and more.

▲ **3730**
Customize the brightness and energy efficiency of your illuminated signs with 3M™ Envision™ Translucent Films and Flexible Substrates.

Get noticed today — and down the road.

Turn vehicles into rolling touch points and take your brands further than they've ever been before. These 3M films have the features you want for fast and easy installations, plus the durability you need for long-lasting good looks. Create custom graphics, messaging or colorful designs that go the extra mile.

▼ 780mC-10R

Draw attention with this wrappable reflective print wrap film on vehicles, textured walls, parking structures and more.

▲ IJ180mC-10

Wrap vehicles faster with excellent liner release, slideability, initial tack and air release.

▲ LX480mC

Get unparalleled performance with a sustainability edge with this versatile print wrap film.

▲ 1080

Customize any vehicle with the latest colors plus get easy installation and damage-free removal.

Decorative Polyester	3M™ Decorative Polyester Glass Finish	Transparent	N/A	Clear glass finish that can be used to create custom color and design with UV inkjet or UV screen printing
Glass Finishes	3M™ FASARA™ and Crystal™ Glass Finishes	Transparent	N/A	Decorative glass and window films to integrated branding, as well as control both light and privacy through a building's interior glass, including the interior of an outside glass wall
DICHROIC Film	3M™ DICHROIC Films	Transparent	N/A	Appears to change color when viewed at various angles

Illuminated Signage

Stand out to bring customers in.

Create a bright, inviting and engaging customer experience inside and out with illuminated sign films and substrates from 3M. Choose from an expanded line of standard colors as well as custom colors. Put your image in good hands with solutions that ensure global brand consistency. 3M is the partner you can trust to help bring your signs to life.

▲ FS-1

Engineered to be nearly twice as transmissive, which means more efficient use of LEDs and energy*.

*Unprocessed Envision™ Flexible Substrate FS-1 provides nearly twice the light transmission as unprocessed Panagraphics™ III Substrate (23% ± 3%).

▲ 3730

Delivers high light transmission levels and allows for the ability to customize the brightness and efficiency of illuminated signs.**

**Most graphics using film series 3730 on diffuser film 3735-50 provide more light transmission than other graphics using 3M™ Scotchcal™ Translucent Film Series 3630 on 3M™ Diffuser Film 3635-30.

3M™ Envision™
Print Film 48C-20R

Naturally versatile.

**Floors and Sidewalks
Buildings and Walls**

**Change the
landscape and grow
your business.**

3M's lineup of versatile films allows you to transform almost any surface into a business-growing opportunity. Cover floors and sidewalks with promotional messaging to generate traffic. Transform buildings and walls to create larger-than-life branding experiences. These durable films feature the performance and image quality you need to keep your messaging looking great for years to come.

◀ **48C-20R**
Ideal for so many applications, this non-PVC film does it all — indoors and out.

▲ **40C**
Get the versatility you need to cover windows, walls, floors, signs, partial vehicle graphics and more.

▲ **780mC-10R**
Conformable on demand — even on compound curves, corrugations and textured surfaces.

▲ **LX480mC**
Install 50% faster* on textured walls with this ultra-versatile non-PVC print wrap film.
*Compared to 3M cast vinyl.

Installation Tools

The secret to success.

Get professional results using professional installation tools.

3M™ Finish Line Knifeless Tape
Easily cuts most vinyl wrap films — complete installations without a blade.

3M™ Bridge Line Knifeless Tape
Evenly cuts graphics bridging from one panel to the next.

3M™ Air Release Tool 391x
Punctures applied film to remove air bubbles.

3M™ Hand Applicator PA1-Blue and PA1-Gold
Reusable squeegee-type applicator for smoothing film during installs.

Geek Wraps® Soft Edge Squeegee
Micro-fiber edge does not heat up and absorbs water from the edges of film.

Geek Wraps® Wrap Juice
For use with Comply™ Adhesive films to help squeegees easily glide over warmed film.

3M™ Adhesion Test Kit for SMOOTH Substrates ATK-1
Instructions, instruments and film samples to perform adhesion value testing.

Geek Wraps® Emblem Removal Tool
Removes emblems intact without damaging the vehicle's paint.

Geek Wraps® Power Slam Magnets
Holds film to vehicle during installation without damaging the vehicle or graphics.

Geek Wraps® Heat Gun Grip
Adheres around heat gun body, staying clear of hot sections and exhaust areas.

3M™ Perf Line Knifeless Tape
Cuts uniform margins between window graphics and rubber moldings.

3M™ Design Line Knifeless Tape
Engineered to create highly contoured designs with sharp, clean edges.

3M™ Power Grip Rivet Brush Applicator RBA-3
Burnishes film over rivets.

3M™ Power Grip Magic Pad Rivet Applicator CMP-1
Designed for installing 3M™ Controltac™ Graphic Films with Comply™ Adhesive over rivets.

3M™ Rapid Roller Applicator CPA-2
Exclusively for applying 3M™ Controltac™ Graphic Films with Comply™ Adhesive.

3M™ Vehicle Channel Applicator Tool VCAT-2
Helps to conform film into vehicle channels.

3M™ Textured Surface Applicator TSA-2
Conforms heated film to mortar joints and inside corners.

3M™ Textured Surface Applicator TSA-3
Conforms heated film around cut edges and in corners.

3M™ Tri Line Knifeless Tape (6mm and 9mm)
Ensures accurate, consistent stripe width from one end of the vehicle to the other.

3M™ Rivet Brush Applicator RBA-1
Helps to install films over rivets.

3M™ Power Grip Multi-Pin Air Release Tool MPP-1
Uniquely designed to release the air around rivets in one single motion.

Geek Wraps® Wrap Wand
Helps to lay vinyl into tight crevices and score body seams.

3M™ Textured Surface Applicator TSA-1

Covers large areas with uniform pressure distribution.

3M™ Two-Handled Textured Surface Applicator TSA-4 for Large Area
Increases installation productivity. Requires heat gun (not included).

3M Graphics Warranty

Once we have you covered, you're covered.

3M Basic Product Warranty

Prepare to be amazed. Just stunning graphics, guaranteed. Many factors that affect the functionality of our adhesive-backed graphic film are covered.

3M Performance Guarantee

When 3M™ MCS™ Warranty approved inks aren't an option, try a 3M Performance Guarantee for specific 3M inkjet products with qualified and tested OEM inks.

3M™ MCS™ Warranty

The most comprehensive finished graphics warranty in the industry. When you use finished graphics made with all 3M Graphics products and components, you're protected for virtually any application.

3M™ MCS™ Warranty

All warranty coverage is contingent upon using 3M Graphics products as described in the applicable 3M Graphics Product and Instruction Bulletins found at 3Mgraphics.com/TechInfo.

3M Graphics Installation Programs

Be recognized as the best.

Professional installers who complete unique 3M installation testing programs will be designated as the best in the business. If your installation skills need a little fine tuning, we can give you personalized advanced training to prepare you for an installer testing program.

3M Advanced Installation Training

Get three days of personal, hands-on training from 3M Graphics Authorized Trainers. Practice your skills on 11 stations to prepare you for the testing programs listed here.

3M Certified Graphics Installation Company

Once at least one of your installers successfully completes all testing and requirements, your company will be promoted on 3M.com/GraphicsInstaller and UASG.org.

3M Preferred Graphics Installer

Successfully passing this assessment will increase your status as an installer. You'll be listed as a 3M Preferred Graphics Installer on the Locate an Installer link on 3M.com/GraphicsInstaller.

3M Endorsed Knifeless Tape Installer

Qualified 3M Graphics Installers will get hands-on training using 3M™ Knifeless Tape technology. Once you've successfully completed the 3M Endorsed Knifeless Tape assessment, you'll be recognized by your customers and peers for your commitment to excellence.

Find out how to be the best at 3M.com/InstallationPrograms.

GREENGUARD Gold Certified

Ten 3M™ Envision™ Films and Overlaminates have earned the prestigious GREENGUARD Gold Certification. This certification requires that products meet some of the world's most rigorous third-party testing standards for low emissions of volatile organic compounds into indoor environments.

3M products now covered by GREENGUARD Gold Certification are:

3M™ Envision™ Print Wrap Films LX480mC and SV480mC

3M™ Envision™ Wrap Overlaminates 8548G and 8549L

3M™ Envision™ Print Films 48-20, 48-20R, 48C-20 and 48C-20R

3M™ Envision™ Overlaminates 8048G and 8050M
